

# Bohannon Huston Announces Leadership Promotions

*Executive Promotions Support Planned Leadership Transition*

**Albuquerque, New Mexico / November 10, 2016** – Bohannon Huston, Inc. (BHI) has promoted Jeff Mulbery to Senior Vice President and Partner of the Community Development and Planning group. An additional six members of the firm have also been promoted to Vice President. “I’m very excited to announce that these leaders have been named BHI Vice Presidents. Each of them will play important roles in their respective specialties as we continue our commitment to provide outstanding service to our valued customers,” said Brian Burnett, President and CEO of BHI. The leadership promotions include:

**Jeff Mulbery, PE, LEED AP BD+C**, has been with BHI since 2004 in the BHI Community Development & Planning group. In his new role as a Senior Vice President, Jeff will play a key part in CD&P’s leadership transition.

*Jeff Mulbery*

**Scott Armstrong, PE**, Vice President in BHI’s Water Resources group – Scott has been with the company for 16 years and brings significant knowledge and expertise in several areas, including hydrologic and hydraulic modeling, reservoir/dam analysis and design, stream bank stabilization, natural channel design, roadway drainage, sedimentation pond design, and hydraulic design of bridges.

*Scott Armstrong*

*Alandren Etlantus*

**Alandren Etlantus, PE, CFM**, Vice President in BHI’s Water Resources group – Alandren has been with BHI since 2007 and is a Certified Floodplain Manager in New Mexico. She is experienced leading a variety of water resources projects, including stormwater analysis, planning, and design; FEMA map revisions; and emergency planning for both public and private clients.

*Mike Balaskovits*

*Tandy Freel*

**Mike Balaskovits, PE, LEED AP**, Vice President in Community Development and Planning group – Mike has been with BHI for 13 years working as a project manager on numerous site development projects, focusing on public sector facilities such as schools, hospitals, and municipal facilities. He is a Leadership in Energy and Environmental Design (LEED) Accredited Professional and is experienced with green building practices and design services for LEED registered and/or certified projects.

*Kevin Gray*

*Dave Perko*

**Tandy Freel, PE**, Vice President in BHI’s Traffic and Transportation group – Tandy has been with BHI since 2004, designing and managing roadway projects ranging from interchanges and highways to local streets and pedestrian facilities. She has extensive experience preparing transportation reports and integrating various design aspects, including drainage, water/wastewater facilities, and site development.

**Kevin Gray, MCP**, Vice President for EnvisionIT Solutions (EITS), a division of BHI’s Advanced Technologies team – Kevin has been with BHI for 14 years. As EITS’s Senior IT Consultant, Kevin has a background in project management, client consultation, help desk support, business development, and project planning and implementation.

**Dave Perko, RSO**, Vice President in BHI’s Construction Engineering group – Dave has been with BHI since 1994. As BHI’s Quality Review Manager, Dave’s background is in construction engineering and construction inspection, including ensuring compliance with contract documents and specifications and documenting and solving design problems.
